

## Ends & Tales

presents

10 Thousand Heartbeats: A Local's Guide to Liverpool Chinatown

異國·龍鄉: 一部利物浦中國城的指引

A Coney & Tamasha joint project in partnership with Everyman & Playhouse in association with Unity

*Settle back down inside yourself. Reconnect with the beat of your own heart. Being able to travel anywhere in the universe without leaving the spot where you are. I think we can all appreciate the value of that ...*

### Before you head out, please check the following:

- Remember to charge your smartphone as much as possible, we'd hate for your battery to come between us
- You'll need mobile data too, at least 1GB
- Bring a pair of ear/headphones with you that can connect to your smartphone so that you can enjoy a fully immersive experience
- Check the weather on the day you booked (this adventure happens outdoors, and we all know what British weather is like)
- Have you got some cash? There'll be a chance to purchase some local treats. Don't deny your taste buds the joys that await

### On your way to start the adventure

- Head towards Unity (Unity, 1 Hope Pl, Liverpool L1 9BG) with your smartphone and earphones
- Please enter the building and let the Front of House staff know that you have arrived for 10 Thousand Heartbeats
- A member of staff will welcome you and the group joining you on your adventure. They will give you more information and answer any questions you have
- You will do a sound check at Unity and once all is OK and you can hear everything you need to, you will be on your way to where your adventure begins - the Hope Street Suitcases - just a few minutes away!

### Technical aspects to consider

- Some characters will speak and you might only hear them either in your left or your right ear. Don't worry that is all part of the experience. Go with it
- Once you start your adventure you can lock your screen, put your phone in your pocket and enjoy the experience. You will be prompted by a character and/or in moments of silence you will need to go back to your screen to either push a 'next' button, type in some text or even answer the phone
- If you feel like you might be lost, you can also return to your screen and click the map icon, to get back on track

Have an amazing time and we look forward to hearing all about your experience. Don't be shy and leave any comments, thoughts, feedback or even a photo at the end of your journey with us. Hashtag your thoughts across socials with #10Kheartbeats and tag us too: @TamashaTheatre & @agencyofconey @liveveryplay & @unitytheatre

For any questions on access please consult our access rider, found [here](#) - this information primarily covers mobility access requirements. If you have further questions or concerns regarding access, please contact [tickets@unitytheatre.co.uk](mailto:tickets@unitytheatre.co.uk). For any questions or issues regarding tech, please contact [admin@coneyhq.org](mailto:admin@coneyhq.org)

We hope you enjoy *10 Thousand Heartbeats: A Local's Guide to Liverpool Chinatown* 異國·龍鄉: 一部利物浦中國城的指引
